DETAILED ACTION

1. This action is responsive to application file on Feb. 15, 2002. Claims 1 – 40 are pending examination.

Election/Restrictions

- 2. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - Claims 1 31, 33 40 are drawn to Priority Based Messaging, classified in class 709, subclass 207.
 - II. Claim 32 is drawn to Error detection correction and Fault Detection and Recovery classified in class 714, subclass 4.

The inventions are distinct, each from the other because of the following reasons:

Because these inventions are distinct for the reasons given above and the search group required for Group I is not required for group II, restriction for examination purposes as indicated is proper.

Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

A telephone call was made to Mr. Kenneth Kozik on Sep. 19, 2005 to request an oral election to the above restriction requirement, but did not result in an election being made.

Art Unit: 2157

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Applicant is reminded that upon the cancellation of claims to non-elected inventions, the inventorship must be amended in compliance with 37CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under #& CFR 1.48(b) and by the fee required under CFR 1.17(i).

Conclusion

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Sargon N. Nano whose telephone number is (571) 272-4007. The examiner can normally be reached on Monday – Friday from 8:30 – 5:30

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Ario Etienne can be reached on (571) 272-4001. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
